Tobacco Canvas

At

OLD PRICES.

Following our usual custom of buying direct from the factory, we placed an order last August for THREE HUNDRED THOUSAND YARDS Tobacco Canvas. This lot was divided between three stores—so the quantity is limited. The ruling prices today are much higher than we paid—but we have always sold canvas for less than its value, and we will do it again this year as long as the lot lasts. If you can't come to town now, telephone us your order and we will reserve what you want.

ORDINANCE NO. 46

Be it ordained by the Board of Council of the city of Hopkinsville, Kentucky:

That it shall be unlawful for any person to obstruct the streets, pavements or sidewalks of the city of Hopkinsville, by placing advertising boards thereon.

Any person violating the provisions of this ordinance, shall on conviction before the police court, be fined five dollars for each offense.

Adopted Feb. 15, 1907,

HERBERT P. McMATH, Clerk.

Approved Feb. 16, 1907.

CHAS. M. MEACHAM, Mayor.

Col. W. L. Bamberger, left yesterday for the Eastern markets to buy spring goods for the John Moayer Co.

COUNCIL MOVES ON CUMBERLAND

Takes Steps to Require the Company to Buy a Franchise.

ORDINANCE REVISION.

Street Sign Boards No Longer to Be Allowed in the City.

The city council met in regular session Friday night with all members present except Councilman Armstrong.

The report of the committee on revision of ordinances was received and was made a special order for a meeting to be held next Friday night.

The finance committee reported that the accounts of Treasurer A. W. Wood for 1906 were correct and he was given his quietus for last year.

An emergency fund of \$100 was placed at the disposal of the Mayor.

An ordinance was passed forbidding loose board advertisements on the streets or sidewalks of the city.

The Mayor notified the council that he had revoked the license of Wellington Berry, col., who operates a pool room on Seventh street, to take effect Feb. 28.

Chairman Twyman, of the street committee, was directed to proceed at once to enforce the new ordinance requiring the trimming of trees that obstruct street lighting.

The account of the City Light Co. for January was allowed, subject to correction by the finance committee.

Deeds to the new street from 18th to 21st, to be known as Harrison street, were accepted from the Hopper heirs and the Forbes Mfg. Co.

The council instructed the city attorney to prepare an ordinance declaring the Cumberland Telephone and Telegraph Company a nuisance in Hopkinsville and imposing a fine upon it every day it continues to run without a franchise. The Cumberland's franchise expired in 1902, and it has since continued to operate without having purchased a franchise. This is the home office of the company, and in 1904 it agreed to an assessment of \$60,000 on its intangible property which it has since refused to give in. It last week brought suit to recover \$900 paid on the 1904 assessment with interest, holding that the assessment has since been held to have been unlawful. The ordinance to be reported will be similar to one recently passed in Elkhart under which a compromise was effected, the Cumberland agreeing to buy a franchise in the regular way.

Thresher For Sale.

We offer for sale the Geiser Thresher owned by us jointly. It includes thresher, separator, kitchen and cooking utensils, engine, McCormick shredder, etc. Will be sold for division Feb. 22, at 1 p. m., on the premises of W. H. Adams, seven miles from Hopkinsville, on Cox's Mill road.

Immense Crowds Attended Services Sunday and Sunday Night.

THE HORSE RACE

One of the Best Sermons Ever Heard at the Tabernacle.

Just what have been the results of the Holcomb meetings cannot yet be determined. Dr. Lyon, the pastor of the Methodist church, announced Sunday afternoon that there would be large accessions to his own and many of the other churches of the city. He said that the pastors would be handed a list of converts who would unite with their churches. The Christian church will have an addition of nearly 20 members, and the Baptist and Presbyterian churches were also mentioned in the same connection.

Mr. Holcomb preached his great sermon, "They're Off," to 4,000 or more people Sunday afternoon. Expression from those who heard it justify the assertion that it was one of the finest sermons ever delivered in the tabernacle. Some assert that it was as fine as Sam Jones' sermon on "The Black Horse."

Sunday night the evangelist preached to a capacity house on "Heaven." The crowd has been estimated at from 4,500 to 5,000, some saying that it was the largest ever seen in the tabernacle. Mr. Holcomb was at his best in both sermons, though when closing each he was

Dr. A. E. Beach, of Clarksville, died last Tuesday.

The Republican State convention will be held in Louisville June 19.

One of the churches of Springfield, Ohio, has arranged a nursery department in one of the Sunday school rooms, where mothers may leave their babies with competent attendants while they attend services.

The Thaw trial, interrupted by the death of the wife of one of the jurors, was resumed yesterday. By agreement of both sides, the jurors were permitted to separate for four days.

The Courier-Journal has inaugurated a contest to prove that Kentucky has the most beautiful women in America and to determine the three most beautiful of Kentucky women. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & Co., Toledo, O.

Sold by all Druggists, 75c.
Take Hall's Family Pills for constipation.

Spring Medicine

The best is Hood's Sarsaparilla. It is the best because it does the most good. While it makes the blood pure, fresh and lively, it tones the stomach to better digestion, creates an appetite, stimulates the kidneys and liver, gives new brain, nerve and digestive strength. An unequalled list of cures—40,366 testimonials in two years—proves its merit.

Guaranteed under the Food and Drugs Act, June 30, 1906. No. 324.

For those who prefer medicine in tablet form, Hood's Sarsaparilla is now put up in the same tablet form. Sarsaparilla has been found to be the same curative properties as the liquid form, besides accuracy of dose, convenience, economy, of time being an aid in respiration, break age, or leakage. Sold by Hood Co., Lowell, Mass. C. J. Hood Co., Lowell, Mass.

on the part of the Republicans with reference to the diversion of immigrants to the Southern States. Last year 1,500,000 immigrants came to this country. If the South is to get a proper quota of those to come in hereafter, Hopkinsville should reach out for some of them. There is a demand here for all kinds of skilled and unskilled labor.

Invigorate the Digestion.

To invigorate the digestion and stimulate the torpid liver and bowels there's nothing so good as that old family remedy, Brandreth's Pills, which have been in use for over a century. They cleanse the blood and impart new vigor to the body. One or two every night for a week usually will be all that is required. For Constipation or Dyspepsia, one or two taken every night will in a short time afford great relief.

Brandreth's Pills are the same fine laxative pill your grandparents used and being purely vegetable are adapted to every system.

Sold in every drug and medicine store, either plain or sugar coated.

LITTLE CHILD.

Horribly Burned and May Die of Injuries.

The 15-months-old daughter of Mr. Geo. W. Willis, of Masonville, was horribly burned yesterday morning about seven o'clock. While its mother was in the dining room the child's clothing became ignited from an open grate. Mrs. Willis heard her daughter's screams, and rushing into the room, soon extinguished the flames, but not until the little one's face and arms had been burned almost to a crisp. It is feared that her injuries will result fatally.

The Limit of Life

The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period, that determines its duration, seems to be between 50 and 60; the proper care of the body during this decade cannot be too strongly urged; carelessness then being fatal to longevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine that revitalizes every vital organ of the body. Guaranteed by R. C. Hardwick, Druggist, 50c.

HOG CHOLERA

The Problem of a Cure is Now Solved.

Dr. J. H. Snoddy, of Alton, Ill., has discovered a positive cure and preventative for this terrible disease. He has had it in use for ten years and has saved millions of dollars' worth of hog cholera for the public. The directions for its use are simple and easy to follow. Any practical farmer can stop the worst outbreak of cholera that ever came and save every hog that is able to take the treatment.

This treatment is not an expense to a farmer, because it cleans his herd of every character of worm and parasite and puts them in such a thrifty condition that the extra gain they will make from the effect of this treatment will return the farmer \$5 in this extra gain for every dollar's worth of the remedy used properly and right.

It is the greatest worm remedy known to medical science. It pays a farmer to keep his hogs clear of worms with it. When the hog is clear of worms and in good thrifty condition it is rather a hard matter to infect him with cholera without directly exposing him to the germ.

It pays to use the medicine whether there is any cholera around or not.

This wonderful remedy is manufactured by the Dr. J. H. Snoddy Remedy Co., Alton, Ill., and is for sale by Planters Hardware Co., incorporated, of Hopkinsville, and E. W. Stegar & Dixon, at Masonville, Ky. Anyone calling on either of these firms can get Dr. Snoddy's free book on hog cholera, free of charge. Every farmer should have one.

TWO MORE SUITS.

Railroad Company Made Defendant in Each Case.

Among the last suits filed for the spring term of circuit court, which convenes next Monday, were two against the L & N. railroad company, \$1,000 in each case being asked. Henry Thomas, one of the plaintiffs, states in his petition that he, in company with members of his family, was en route from Itta Bena, Miss., to this city and that the train failed to stop here long enough for them to get off and that they were carried to Nortonville, where they were consigned to a cold and damp room to remain all night.

W. F. West, as next best friend of Marion West, a minor, and Marion West is the style of the other suit. Plaintiff alleges that while he was a passenger, en route from Nortonville to this place, and while the train was at Crofton, a car window fell, and, catching the index finger of one of his hands, amputated the member.

Don't think that piles can't be cured. Thousands of obstinate cases have been cured by Doan's Liniment. 50 cents at any drug store.

almost exhausted. In the horse race sermon ("There's off") he held his audience spell-bound for an hour and a half. Want of space prohibits our noticing these two masterly sermons at length.

Before beginning his sermon Sunday night Mr. Holcomb spoke at some length of the hospitality of our people, saying that he had never had better treatment anywhere.

Dr. Lyon stated Sunday night that his church had met all the incidental expenses of the meeting and had subscribed a handsome sum for the evangelist. Quite a large offering was taken up for Mr. Holcomb from the congregations of Sunday afternoon and Sunday night.

Mr. Holcomb went to Nashville yesterday to rest up a few days before going South to hold another meeting.

There has been considerable adverse criticism here of Mr. Holcomb's methods, some going so far as to accuse him of trying to imitate Sam Jones, but all agree that he is intensely in earnest and the fact cannot be disguised that he "draws." In our next issue we will be able, probably, to give the results of his work here.

Sunday night he took the sense of his audience as to permitting the tabernacle being sold or used for other than religious purposes, with some modifications. The sentiment seemed to be altogether in favor of the building not being turned over to any body for anything.

TABERNACLE COURSE

Attraction No. 6 Wednesday
Night, Feb. 27.

East St. Louis Daily Journal, Nov. 11, 1906.—A musical treat. The Kellogg-Haines Singing Party delighted large audience at the High School Friday night.

The season of 1906-07 is destined to be a most gratifying success to the High School Literary society, if the crowd and style of the performance given by the Kellogg-Haines Singing Party is a criterion. "The best ever" was the verdict of all who had the pleasure of hearing the company at the High School auditorium Friday night. The singing party, as they style themselves, is composed of a mixed quartette of professional singers of exceptional merit, as follows: Miss Julia Bruer, soprano; Miss Jeanette Fodde, contralto; Paul C. Blatz, tenor; William A. Goldberg, basso; Mrs. Kellogg-Haines, pianist and musical director.

Miss Julia Bruer possesses a full, rich, sweet voice which is under her absolute control at all times. Miss Fodde won a great success. She acted with excellent taste during the entire play and showed that abundance of self which only true talent can give. Mr. Goldberg possesses a sympathetic baritone voice and sings with artistic taste. As Lionel in "Martha" Mr. Blatz showed himself the possessor of a lyric tenor voice of much sweetness. These artists constitute perhaps the most delightful quartette of entertainers ever heard in the auditorium, and the costuming of the different characters was excellent. The High School literary society is to be congratulated for their good taste in selecting the Kellogg-Haines Singing party and it would be well for them to arrange with the same company for next season. Special rate to public school students; 25c general admission.

Farmers, mechanics, railroaders, laborers rely on Dr. Thomas' Electric Oil. Takes the sting out of cuts, burns or bruises at once. Pain cannot stay where it is used.

NORTONVILLE GIRL

Dies From Effects of Poison
Taken.

Lilly Simpson, aged 19 years, died at the City Hospital Saturday afternoon as the result of acute bichloride of mercury poisoning, says the Nashville American. It is alleged that the young woman attempted to commit suicide by taking the poison at Bessie Howell's place. The case is rather mysterious, as it has been kept very quiet, and the young woman's associates refuse to give any information regarding her past life or cause of attempting to take her life. It was learned that she went to the resort about two months ago. It is thought her people live at Nortonville, Ky.

NASHVILLE PHYSICIAN

Convicted of Murder of Mrs.
Rosa Mangrum.

Nashville, Tenn., Feb. 16. After one of the most stubbornly fought legal battles ever witnessed here, Dr. J. Herman Feist, a prominent physician of this city, was today found guilty of murdering Mrs. Rosa Mangrum. The verdict carries with it the death penalty.

Mrs. Mangrum, who had been under the care of Dr. Feist, disappeared on December 14, 1905, and her body was found in the Ohio river at Cairo, Ill., on January 25, 1906. A few days before the disappearance of Mrs. Mangrum she drew something like \$1,400 from a local bank and announced that she was going to Chicago. She left her boarding house on the night of her disappearance for the railway station and that was the last ever seen of her.

The evidence against Dr. Feist was purely circumstantial, the most salient feature of which was that he deposited in a local bank the sum of \$500 a few days after the disappearance of Mrs. Mangrum.

The double header basket ball contest at Moayan's Hall Friday night resulted in a victory for the S. K. C. teams, the college boys winning both games from Company D. The score in the first game was 23 to 18 and in the second, 16 to 11. The next league games will be played next Friday night. The first game will be between first S. K. C. and first Company D, and the second between the High School and Second S. K. C.

Girls Play Game.

Two teams made up of young ladies of South Kentucky College and the High School played a match game at the college gymnasium Saturday afternoon. The contest was won by the High School girls, the score being 5 to 4. This was the first match game of basket ball ever played in the city by young ladies and other games will probably be arranged by them. Only young ladies witnessed the contest, which was a very close and exciting one throughout.

DO YOU GET UP

WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame backs, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything that you have kidney, liver or bladder trouble. It will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this paper as your reference.

Address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't miss any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

DIG FOR KAURI GUM

ONE OF THE PECULIAR INDUSTRIES OF NEW ZEALAND.

Treasure Found Hidden Amidst the Roots of the Mighty Trees of the Forest of the Island.

If an American farmer who has tumbled the stump out of his field in order to secure (himself) had should he suddenly be told in New Zealand and away is upon a scene of workmen digging about a tree stump his first suspicion would be that in the far away island they had troubles similar to his own, and were digging up tree stumps that the land might be prepared for crops. But that is where he would be

wrong, and if he remained long enough on the scene he would discover that all that industrious digger was not for the purpose of removing the stump but that something that the root contained might be obtained. It is hidden treasure which many New Zealanders find it profitable to dig for, and although it is not gold or the ill-gotten wealth of the famous Captain Kidd, certain it is that the digger proves profitable.

The hidden treasure sought is kauri gum, a resinous substance which is the product of the kauri tree. The gum can be secured from the trunks of trees while they are alive, for it protrudes in lumps, but it is especially profitable to dig for it in the soil about the stumps remaining after the trees have been cut down. Sometimes chunks weighing as much as 100 pounds are taken up from the ground.

Digging for kauri gum is profitable, for the gum is used in the manufacture of varnish, and apparently it is one of those products of nature whose price cannot be fixed by anything else which has yet been discovered. In fact, the price has gone up 25 per cent within the last year because of the great increase in the demand. It has

been found that it can be used in certain enamel paints, and this has had the effect of bringing the demand up to a point above the supply.

The kauri pine is a magnificent tree, it rises as straight as a needle to a height of from 150 to 500 feet and attains at times a diameter of 15 feet. It is noted for its dark, dense foliage and is much used for masts for vessels constructed for the British navy.

"If I were sure that the candy sold in that shop were pure and free from bacteria, I should be glad to get you a couple of pounds," says the sequestered swain. "But in these days of reckless adulterations I feel that I cannot take too many precautions to preserve your health and beauty."

The fair young thing, who has a normal ready smile, cues a word of appreciation of his thoughtfulness. Next day they approach a place where a soda fountain continues its glad work.

"You are fond of soda and ice cream, are you not?" he asks.

"I just love it."

"If it weren't so often filled with dangerous germs I would be happy to get you some."

"This time she does not even appreciatively and they continue their homeward walk in silence. When he is leaving her, he bashfully bids that he would like to kiss her good-bye.

"You may," she says, to his surprise. "You can be sure there won't be any germs in the kiss, either, for you haven't given me the chance to acquire any."

He sleeps but little that night, because of his mental effort to determine whether she is thoughtful or sarcastic.

Our Pattern Department

A MODISH COSTUME.

Pattern Nos. 5711 and 5663—charming and dainty costume is here represented in chiffon broadcloth, a delicate mode this season and practical as well, as it can be worn over the dainty lingerie waist or the perfectly plain silk blouse. The skirt is distinctly smart, and has the fashionable flare at the foot. The upper part may be in plain or corsage effect, as the pattern allows for either. The costume would be attractive in taffeta, satin, or in de sole voiling and crepe de chine. For 36-inch bust measure one and five-eighths yards of 14-inch material will be required for the waist and four and three-eighths yards for the skirt. Ladies' Over-Blouse, No. 5711. Sizes for 32, 34, 36, 38, 40 and 42 inches bust measure. Ladies' Skirt in plain or corsage effect. No. 5663. Sizes for 20, 22, 24, 26, 28 and 30 inches bust measure.

The above illustration calls for two separate patterns. The price is ten cents for the waist and ten cents for the skirt.

This pattern will be sent to you on receipt of 10 cents. Address all orders to the Pattern Department of this paper. Be sure to give size and number of pattern wanted. For convenience, write your order on the following coupon:

A HOPKINSVILLE CASE.

Many More Like It in Hopkinsville.

The following case is but one of many similar occurring daily in Hopkinsville. It is an easy matter to verify its correctness. Surely you cannot ask for better proof than such conclusive evidence.

Mrs. W. H. Roff, wife of W. H. Roff, machinist employed at Forbes & Co.'s Wagon Works, and residing at 1029 High Street, says: "I hardly knew for many months what it was to be free from an aching back, and the irregular action of the kidneys causing, at the same time other symptoms which are distressing and often times exasperating. I read about Doan's Kidney Pills and the symptoms which it was claimed they would cure seemed so much like mine that I had my husband get a box for me. I found they gave me almost immediate relief, and continued taking them sometime they did me more good than all the kidney medicine I had ever taken put together, and the results of the treatment justify me in subscribing my name to a hearty endorsement of the Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Read Carefully Our Plan!

THE KENTUCKIAN will send to the Jamestown Exposition the four most popular young women in Christian County. The Kentuckian will pay every cent of expense, including railroad fare; Pullman fare; meals on train; hotel bills; street car fare; admission to grounds and amusement concessions; side trips to points in the vicinity of the Exposition grounds.

The contest is open to any young lady making her home in Christian county. For each year's subscription to the Kentuckian at \$2.00 the subscriber will be entitled to cast 40 votes.

Our contest began Nov. 15th and will continue for 6 months; to May 15.

YOU choose the candidate—WE don't. The minute a vote is cast for a young woman she becomes a candidate and her name is placed upon the published list, together with the total vote cast for her up to the time the list is published.

When a subscription is received at this office the subscriber is first credited with the amount of his subscription and the number of votes his subscription represents is credited to the candidate named by him.

The vote will be COUNTED EVERY FRIDAY at noon and each candidate will be credited with her new vote and her total vote to date and the result will be published in the next issue of the Kentuckian.

WILD WITH ITCHING HUMOR

Eruption Broke Out in Spots All Over Body—Caused a Continual Itching for Two Years—Doctor's Medicine Did no Good—Cured at Expense of only \$1.25 and Now

THANKS CUTICURA FOR COMPLETE CURE

"Some time ago I wrote you for a book on the Cuticura Remedies and received it O. K. and went and bought the Soap, Ointment, and Pills. They did me more good than any medicine I ever used. They cured me of my skin disease, and I am very thankful to you. My trouble was eruption of the skin, which broke out in spots all over my body, and caused a continual itching which nearly drove me wild at times. I got medicine of a doctor, but it did not cure me, and when I sent in a paper your ad., I sent to you for the Cuticura book and I studied my case in it. I then went to the drug store and bought one cake of Cuticura Soap, one box of Cuticura Ointment, and one vial of Cuticura Pills. From the first application I received relief. I used the first set and two extra cakes of Cuticura Soap, and was completely cured. I had suffered for two years, and I again thank Cuticura for my cure. If you wish, you may publish this. A friend of mine, Charles N. Johnson, Maple Grove Farm, R. F. D. 2, Walnut, Kan., June 15, 1905."

ITCH! ITCH! ITCH!

SCRATCH! SCRATCH! SCRATCH! This is the condition of thousands of skin-tormented men, women, and children, who may be instantly relieved and speedily cured by warm baths with Cuticura Soap and gentle application of Cuticura Ointment, the great Skin Cure, and mild doses of Cuticura Resolvent Pills, when physicians and all else fail.

PROSPECTS FOR 1907.

Heavy Purchases of Farming Machinery, Fencing, Seeds, etc.

Good Ground For Believing Fruit Will Not Be a Failure.

Farmers have been greatly delayed in their work by the heavy rains, which lasted through the entire fall and up to mid-winter, but the fine weather of last week not only put the roads in better condition, but dried the earth sufficiently to allow the burning of plant beds. There was a larger crowd in town Saturday than since New Year's day, probably, much to the delight of the merchants, especially the dealers in farm implements and seeds. Farmers, in fact, for two weeks or more, have been buying large quantities of fertilizer, wire fencing and machinery. The sellers of harvesting machines and engines have been making liberal sales, and the new year is starting off under most favorable circumstances.

It is a little too early to guess as to what the fruit crops may be, but as February will soon be gone, and as old-timers say, "fruit is never killed in March," we still have a "living chance" of having some fruit. Hope for grapes has not yet been blasted and it is safe under present conditions to believe that apples and late peaches have not yet been killed. Wheat is looking well.
